UltraDelphi

Introducing the new and improved UltraDelphi! Just one touch on the control pad on the top of the elegant faucet selects the type of water you want. The faucet, which includes a beautiful LCD display, allows you to get both streams of water – alkaline and acidic – right at the sink.

\$2,895.⁰⁰

The Diamond Standard in Undersink Ionizers.

Athena Classic

\$1,995.⁰⁰

Tried and true performance.

When you invest in the Athena, you get a proven ionizer that has set the industry standard in performance, features, ease of use, durability and style since 2007. Updated to remain current, the beloved Athena remains a top seller in the industry with its dual filtration system.

ēlita CT700

The *ēlita* CT700 offers you an affordable way to get clean, alkaline, ionized, hydrogen enriched water. The beautiful design offers you convenience with its small footprint and ease of use. The sleek, black base features a digital filter life indicator, which lets you know exactly when to replace your filter.

\$399.⁰⁰

Non-Electric Water Ionizer

ēlita US700

\$499.⁰⁰

Undersink Unit With Faucet

Designed with a pressure rated housing for undersink application, an inline filter counter and a sleek faucet that goes at your sink, it is the ultimate in performance, style and convenience. The *ēlita* US700 has the highest H₂ production and best contaminant reduction of any non-electric ionizer.
